

Gilbert Smith Forest Products Ltd.

Forestry Supervisor- Operations

Here is an exciting development opportunity for a forest professional who is looking to play an integral role in ensuring a sustainable supply of fibre to support manufacturing excellence.

The Company

Gilbert Smith Forest Products Ltd. is a family owned and operated wood products company. With over 65 years of specialty product experience and over 100 years of family history in the industry, we have the experience and proven track record of a reliable producer of high-quality products. Gilbert Smith is deeply connected to our local communities, indigenous partners, and employee families. These relationships are the foundation of our business. We are uncompromising in integrating safety into all we do and believe that by being creative and innovative we can sustain forests for future generations.

The Location

Gilbert Smith Forest Products Ltd. is located in beautiful Barriere, BC. Most staff live between Heffley Creek and Clearwater, BC in the amazing North Thompson Valley.

North Thompson Valley British Columbia — Wilderness Just a Step Away. Discover a land of endless adventures — where rivers run wild and waterfalls thunder, where wildlife roam free and the snowfall is epic. Find yourself here, awed by its rugged beauty and charmed by the people who call this place home. Come work and play in an untamed wilderness — in the heart of British Columbia's central interior.

The Position:

You will have opportunity to gain skills through assigned roles and responsibilities within a team environment in the operations and planning aspects of the business, with an emphasis on gaining a wide range of practical experience in forestry closely tethered to a specialty manufacturing facility.

Reporting to the Woodlands Manager, the Forestry Supervisor- Operations will work with a team of professionals responsible for all woodland's development activities. You will enjoy a balanced mix of field and office work, with exposure to all aspects of the supply chain process within a specialty manufacturing company.

“Specializing in Cedar Lumber”
