

Excellence grows here.

Job Opportunity: Assistant Engineer, Campbell River, BC

Who We Are

Interfor is a growth-oriented lumber company with operations in Canada and the United States. We have an annual production capacity of 3 billion board feet and offer one of the most diverse lines of lumber products to customers around the world.

What We Offer

Interfor is where excellence meets opportunity. We invest in your success by positioning you alongside the best people in top quartile mill facilities located in great communities across North America. In the past decade, we've infused close to \$1 billion into modern facilities and systems that employ the latest technologies.

Interfor is one of the largest lumber companies in the world and we're growing in exciting directions. Come be a part of our success.

We are currently recruiting for an **Assistant Engineer for our Coastal Woodlands operations in Campbell River, BC**. The Assistant Engineer will be responsible for assisting in the planning and field engineering of Coastal Woodlands projects. This role requires a strong commitment to safety.

What You'll Do

- Road and cutblock field reconnaissance, layout, surveying, mapping and design.
- Assisting in the preparation of site plans and harvest preworks.
- Assisting in the preparation and submission of road permits and cutting permits including the preparation of appraisal data and road designs.
- Assisting with contract supervision of planning contractors, road contractors and harvesting contractors.
- Administrative responsibilities to plan and implement forestry operations.
- Liaison assistance with First Nations, interest groups and government agencies.

What You Offer

- Degree or diploma in Forestry.
- 1-2 summers of forestry field experience.
- Eligibility for registration or registration with the Association of BC Forest Professionals (RFT, RPF) is required.
- Aptitude in Microsoft, Road Eng, TFM and the management of GPS traverse data.
- Good physical fitness.

- Flexibility to work camp shifts in remote locations (Interfor has coastal operations from Sechelt to Prince Rupert and on Vancouver Island).
- Strong commitment to safety and environment.
- Field orientated.
- Good interpersonal and communication skills.
- Able to work independently and within a team environment.
- Detail oriented. Action and results oriented.
- Recognize problems and have them corrected immediately.
- Understand the importance of teamwork and have a positive impact on the team.
- Open-minded and positive in dealing with change and new ways of doing things.
- Take personal responsibility for the quality and timeliness of work.
