

Excellence grows here.

Job Opportunity: Silviculture Forester, Adams Lake, BC

Who We Are

Interfor is a growth-oriented lumber company with operations in Canada and the United States. We have an annual production capacity of 3 billion board feet and offer one of the most diverse lines of lumber products to customers around the world.

What We Offer

Interfor is where excellence meets opportunity. We invest in your success by positioning you alongside the best people in top quartile mill facilities located in great communities across North America. In the past decade, we've infused close to \$1 billion into modern facilities and systems that employ the latest technologies.

Interfor is one of the largest lumber companies in the world and we're growing in exciting directions. Come be a part of our success.

We are currently recruiting for a **Silviculture Forester for our sawmill in Adams Lake, BC**. The Silviculture Forester will be a key part of the Silviculture Team and will be responsible for various portions of the silviculture program including the planning, and management of site prep, planting, stand tending, and survey activities. The successful candidate will also play a role in ensuring all legal obligations are met.

What You'll Do

- Promote, lead and exhibit Interfor Safety Culture.
- Achieve divisional and corporate environmental goals, as well as compliance with all regulatory requirements and SFI certification standards.
- Assist in the planning, implementation, and management of the silviculture program,
- Provide leadership and direction to supervisory consultants and/or junior staff.
- Manage safety, quality, environment, and production goals with contractors in the field.

What You Offer

- Registered Professional Forester (RPF) with the ABCFP in good standing, or eligible for registration.
- Minimum 5 years of experience in a similar capacity within the forest industry.
- Knowledge of Forest Legislation, Regulations and Guidelines specific to Silviculture.
- Proficiency with databases, Excel, Word and Powerpoint.
- Experience supervising staff and/or contractors.
- Flexible schedule, especially in the spring.
- Proficiency with Silviculture Software including RESOURCES/CENGEA, RESULTS, ESF, SPAR, SNAP, Survey123, Mapview, will be considered an asset.
- Strong leadership skills.

- Positive attitude, dependable and ability to work effectively in a highly interactive and energetic team environment.
- Ability to work efficiently under pressure and be able to prioritize multiple projects/tasks.
- Ability to identify and reduce risk, throughout all aspects of the program.
- Excellent interpersonal, communication, time management and organizational skills.
- Demonstrated strong analytical, problem solving, and logical thinking skills.
- Detail/results oriented with a focus on innovation.
