

COMPANY: KDL Resource Management
LOCATION: Fort St. James and Prince George, BC
JOB: Silviculture Surveyor
Department: Silviculture

The Organization:

Highbridge Human Capital is delighted to be working with our client KDL Resource Management in a search for a Silviculture Surveyor in Fort St. James or Prince George, BC.

Today, KDL Resource Management (KDLRM) provides comprehensive, professional, and environmentally sustainable resource management services. KDLRM currently operates three professional forestry divisions in Prince George, Fort St. James, and Mackenzie, and offers project management throughout the province. They specialize in comprehensive tenure and forest management, working with their partners to develop opportunities, manage tenures, and market forest products. KDLRM looks forward to continuing to expand its presence and offerings across BC, positioning itself as a leader in professional resource services.

KDLRM is a part of Meraki Resources, a BC-based, diversified group of companies that offers fully comprehensive, community-oriented resource management and development solutions. Their key business areas are woodlands management, professional forestry, harvesting, forestry road construction, log hauling, log sales, civil construction and heavy-duty equipment and truck service and parts. While the companies are run autonomously, they are united by their commitment to quality and continuous improvement.

Today the Meraki Family continues to grow and expand, offering its customers access to a greater number of services with the same great care. Meraki is still family oriented, and employee focused, and they're proud of their 40-year success story that combines resource development and forest management.

The Opportunity:

KDL Resource Management is currently seeking an experienced Silviculture Surveyor to join their Fort St. James or Prince George team. Their Silviculture Surveyors organize and implement silviculture projects. As such, candidates need to be flexible in building new skills and exploring diverse opportunities. The KDL Forestry work projects are located throughout northern BC. This is a primarily field-based position, with limited office work. Camp stay, travel and overtime hours may be required.

A day in the life of the Silviculture Surveyor

Duties may include (but are not limited to):

- Silviculture Surveys (free growing, regeneration delay, stocking).
- Forest Health Surveys.
- Advanced Silviculture Planning.

- Planting Quality Assessments and Supervision.

What you bring to the Company:

- Valid class 5 driver's license required.
- 2 years plus of previous experience in related work.
- Accredited Silviculture Surveyor certificate is an asset.
- Willingness to travel and work in an outdoor environment in remote locations.
- Must operate with professional independence and strong communication.
- Able to work cooperatively in a team or autonomously as necessary.
- Good organizational and time management skills.
- Safe work mindset is required.
- Experience working with Snap and Avenza is an asset.

Our "must haves" that make you great:

- Possess a good understanding of the Forestry business.
- Exceptional problem solving and analytical skills.
- Strong problem-solving skills.
- Excellent communications skills – dealing with peers, building relationships with government workers, dealing with clients and contractors.
- Ability to work under pressure with tight deadlines, and attention to detail.
- Ability to focus, plan and meet deadlines while managing multiple projects and changing priorities.
- Ability to deliver results.
- Computer literate with strong MS Office abilities.

We offer:

- Full time work in a safe work environment.
- Competitive total compensation package.
- On-going professional mentoring and training.
- Working in the context of a larger professional group within a broader forestry and operational logging context.
- Diverse range of industrial, Indigenous clients, governments, and bio-energy sector clients.
- Progressive and innovative company.

Location Perks

For those who love to live and play where they work –The Fort St. James and Prince George regions offer a bounty of recreational activities including- fishing, hunting, hiking, biking, running, skating, snowshoeing, cross-county skiing, downhill skiing, curling, ATV, snowmobile, horseback riding, boating, camping, music/art festivals and more!

KDL Resource Management is a team of passionate and dedicated forestry professionals. We believe that the future of forestry needs ethical, sustainable, and modern solutions. It also needs talented individuals like yourself. We treat you like family, and in our industry, there's an endless stream of opportunities waiting for you.
