

## **WE ARE RECRUITING FOR A SENIOR ECOLOGIST**

### **The Company**

Madrone Environmental Services is a growing environmental consulting practice based in British Columbia. Our primary offices are located in Abbotsford and on Vancouver Island in the Cowichan Valley. We also support a number of remote workers and provide network support for seamless integration with the rest of the team. Our services range from developing overall plans to manage environmental effects of clients' projects to providing specific scientific expertise in areas such as geoscience, agronomy, biology, ecology, hydrogeology, and forestry. Madrone maintains a flexible work environment that promotes work/life balance and provides a comprehensive benefits plan including Group RRSP and Deferred Profit Sharing Plan.

This position is right for you if you:

- Enjoy learning and are willing to share your experiences and knowledge with others.
- Are a Professional Biologist (R.P.Bio.) or a Professional Forester (RPF), or eligible for immediate registration in the Province of British Columbia.
- A minimum 10 years of consulting experience or equivalent, focused on environmental assessments related to vegetation inventory, ecosystem mapping, wetland classification, and ecosystem restoration.
- Practical experience with Terrestrial Ecosystem Mapping (TEM) or the implementation of the Riparian Areas Regulations, including the application of Provincial and Municipal bylaws is an asset.
- Working knowledge of applicable provincial and federal environmental regulations.
- Have a keen interest and displayed experience in being a mentor – passing on knowledge to the next generation(s) of professionals.
- Are an individual who loves to problem solve and achieve goals.
- Are highly organized and subscribe to the principles of continuous improvement.
- Value working with a team of professionals to make a positive impact on the environment.
- Value teamwork and embrace diversity.
- Have a strong academic and technical background.

### **The Role**

As a Senior Ecologist with Madrone's Biology practice, you will work with a team of professionals on a variety of initiatives to advance the efficiency of operations while providing valuable insights and support in the production of professional reports. You will be focused on the successful initiation to completion of projects.

If you can see yourself in this position, submit your cover and résumé to [careers@madrone.ca](mailto:careers@madrone.ca). We thank all applicants, however, only those shortlisted will be contacted. To find out more about Madrone, please visit our website ([www.madrone.ca](http://www.madrone.ca)).

Application deadline: Open until the right person for the team fills the position.
