Silviculture Technician Job Opportunity

Term Length: Permanent seasonal (8-10 months). Possibility of permanent full-time.

Purpose of Position: To implement the Provincial Private Woodlot Silviculture Program within the Northumberland Forest Products Marketing Board's jurisdiction.

Duties:

- Assist in the planning, implementing and supervision of silviculture and other forest management activities
- Conduct field assessments of various activities to ensure program criterion are met
- Process field data into computerized systems
- Participate in other various activities as may be required
- Inform woodlot owners of federal and provincial regulations governing forestry operations on their land
- Provide forestry education, advice and recommendations to woodlot owners, community organizations and the general public

Requirements

- Holds a post-secondary forestry education and be eligible for registration as either a CFT or RPF in New Brunswick
- Working knowledge of GIS and GPS systems
- Forestry related experience would be considered an asset

- Is physically capable of walking several hours at a time on various forest terrains and weather conditions, and capable of lifting loads of up to 15kg
- Holds a valid NB driver's license
- Speaking both English and French would be considered an asset

Please submit resume and cover letter with salary expectations by March 14th, 2025 to admin@nfpmb.com. Only successful applicants will be contacted.
