

NovaFor Forest Services Ltd. currently has employment opportunities on Vancouver Island, British Columbia

Employment Details

Diverse employment opportunities in all phases of forest management, from planning to contract supervision of forest engineering, silviculture, and logging crews. We offer on the job training, flexible hours and the ability to work from home based offices with server access into our Port Alberni & South Island field offices.

Interested candidates may apply in confidence by forwarding a cover letter and detailed resume to:

info@novafor.co (subject: Job Posting)

The successful candidates may be responsible for all aspects of project completion including but not limited to:

- Cutblock engineering, cruising and mapping using LIDAR on both Crown and Privately Managed Forests.
- Road & Cutting Permit review and ECAS submission.
- Site Plan field data collection, documentation and mapping.
- Forest Stewardship & First Nation Woodland Plan development.
- Silviculture (using Drones) & supervision of planting & forestry crews, small scale salvage, brushing, and site rehabilitation.
- Maintaining all silviculture liabilities and database maintenance for multiple licences including RESULTS updating.
- Long term, full scale project management and client liaison positions available based on knowledge & experience.
