

NovaFor Forest Services Ltd. is currently seeking engineering and forestry professionals to fill a number of positions (Engineering, Forestry, and Timber Cruising,) within our company.

These positions offer a wide range of working environments allowing team members to work in all aspects of forest management from the initial planning phases, through to contract supervision of Engineering, Forestry and logging crews.

The successful candidates will be responsible for all aspects of project completion including but not limited to:

- Cutblock engineering and mapping
- Timber Cruising and appraisal data entry and compilation
- Road & Cutting Permit review and submission
- Site Plan documentation and mapping
- Forest Stewardship Plan development
- Silviculture Surveys and supervision of forestry crews
- Maintaining all silviculture liabilities and database maintenance for multiple licencees including RESULTS updating
- Proficiency in computer use with familiarity with Microsoft programs is essential
- A working knowledge of Roadeng, Arcmap, Cengea, GPS software is preferred

We have full time positions available. We offer a very competitive salary with company vehicle.

Interested candidates may apply in confidence by forwarding a cover letter and detailed resume to:
