

## Senior Engineer

**NovaFor Forest Services Ltd.** is a full-service forest management consulting company based out of Port Alberni BC. We provide a full range of forestry services and management expertise to TFL holders, First Nation Companies, Private Land & Woodlot owners and other consulting companies. We specialize in Forest Planning and Management, for multiple clients. We are currently seeking to fill a position of Senior Forest Engineer within our company to work in the mid Vancouver Island area. This position offers a wide range of working environments allowing employees to work in all aspects of forest management from the initial planning phases, through to contract supervision of logging and Engineering crews and contract administration custom tailored to meet the needs of our clients.

### Senior Engineer:

- Primary responsibilities will include cutblock and road layout.
- Extensive and varied experience in field engineering (5 years minimum) with direct involvement in forest engineering and layout activities.
- Proficiency in computer use with familiarity with Microsoft programs is essential and a working knowledge of GPS software and RoadEng.
- Work as crew leader and manage work loads and schedule independently.
- All cut blocks are within driving distance to Port Alberni and employees are home every day.
- This is a full-time position starting immediately with excellent salary, moving expenses, company vehicle and all equipment supplied.

Interested candidates may apply in confidence by forwarding a cover letter and detailed resume to:
