

Forester & Forest Technicians

NovaFor Forest Services Ltd. is a full service forest management consulting company. We provide a full range of forestry services and management expertise to TFL holders, First Nation Companies, Private Land & Woodlot owners and other consulting companies. We specialize in Forest Planning and Management, Silviculture and Pre/Post Harvest Activities. We are currently seeking to fill a position of Forester and /or Forest Technician within our company to work in the mid Vancouver Island area. This position offers a wide range of working environments allowing employees to work in all aspects of forest management from the initial planning phases, through to contract supervision of logging and Forestry crews and contract administration custom tailored to meet the needs of our clients.

Forester:

- Primary responsibilities will include Forest Business plan proposal writing and implementation, FSP Development, Road Permit & Cutting Permit review and submission, Site Plan documentation and review. INAC applications and small scale salvage applications, Community Forest development and consultation. Water drop and Foreshore applications will also be required from time to time.
- Other duties include field and office review of cutblock development and review of final cutblock layout, cutting permit and road permit preparation, mapping, and various pre and post harvest assessments.
- Extensive and varied experience in the field of silviculture and/or engineering (4 years minimum) with direct involvement in forest engineering and/or silviculture activities.
- Proficiency in computer use with familiarity with Microsoft programs is essential and a working knowledge of GPS software, ArcMap, LRM, and other BC Government applications ie. ECAS, Results etc are preferred.
- Registration with the ABCFP as a Professional Forester or Forester in Training.
- Option to set up and work from home based office with flexible working hours can be arranged.
- This is a full time position starting immediately with excellent salary.

Forest Technicians:

- The candidate(s) will be responsible for organizing, supervising and leading Brushing & Weeding crews.
- Responsibilities include supervision and coordination of Brushing & Weeding Contracts with various clients.
- Proficiency in computer use with familiarity with Microsoft programs will be required.
- Must be physically fit and capable of running saws and operating spray equipment.
- Must have a valid Pesticide Applicator Certificate. Company will cover costs associated with recertification.

Interested candidates may apply in confidence by forwarding a cover letter and detailed resume to:
