

## Wood Measurement Technician

Do you enjoy field work over office work? Are you able to carry out your responsibilities independently? Would you enjoy the summers off?

If so, then this opportunity with the Ministry of Natural Resources and Forestry may be a great fit with your career aspirations.

### What can I expect to do in this role?

In this role, you will:

- assist in the implementation and monitoring of wood measurement activities
- carry out the check scaling program and implement the sampling program
- assist with scaling audits
- participate in training programs

**Please note:** This position will require extensive overnight travel in the designated area.

**Location:** South Porcupine

### How do I qualify?

#### Mandatory

- You must possess a valid scaler's licence.
- You must have a valid class 'G' driver's licence or equivalent, as recognized by the Province of Ontario. The offer of employment is conditional upon the successful candidate providing proof that s/he has a valid driver's licence upon being hired.

#### Specialized knowledge:

- You possess sound knowledge of resource and forest management practices and forest industry operations.
- You have the ability to interpret and apply relevant legislation, regulations and policies.

#### Technical skills:

- You demonstrate the ability to carry out field scaling activities, sampling for scaling factors and check scaling.
- You have the ability to provide wood measurement technical guidance and direction to field personnel.

#### Communication skills:

- You possess established communication and interpersonal skills to instruct scalers and deal with forest industry officials, other agencies and the public.
- You have demonstrated customer service skills and ability to apply tact and judgement.

#### Analytical skills:

- You have analytical, investigation, and observation skills to conduct audits, identify trends, report on findings, make recommendations, and track wood measurement information.
- You can be thorough and exercise attention to detail in collecting information, preparing documentation, writing detailed/accurate reports, and performing audits/program reviews.
- You have organizational and reasoning skills, and the ability to work independently.

#### Computer proficiency:

- You have the ability to use personal computers/software, including word-processing, database (e.g. Timber Resources Evaluation System, Registration), email, internet and spreadsheet applications to prepare correspondence and reports, search for information, input and retrieve data, and track expenditures.

**Salary Range:** \$24.54 - \$27.32 per hour

#### Additional information:

- 1 Temporary annually recurring Seasonal contract (Sep-Jun), duration up to 42 weeks, 5520 Hwy 101 E, South Porcupine, North Region
