

# Career Opportunities!

---

## Company Background:

Optimum Resource Management Ltd. (ORML) is a small independent firm based out of the Robson Valley area of the BC interior providing forestry engineering and multi-phase services to a variety of clients. Our principle members have over 25 years of experience each in forestry in steep, mountainous, and sensitive terrain.

## Position Summary:

Forest Engineering Technicians are responsible for providing technical expertise and support to project teams in all aspects of multiphase timber development including timber reconnaissance, road and block layout, riparian and ecological assessments, traversing, data collection, road designs, appraisal, etc. This is a hands-on position with primarily fieldwork responsibilities.

Work is primarily based out of McBride and Prince George; successful candidates will be expected to live and work out of both communities. Applicants should be physically fit, crews will be subject to steep mountainous terrain and all-weather conditions.

## Duties & Responsibilities\*:

- Road and cutblock layout and traversing
- Bridge/major culvert survey/ design/ inspections
- Deflection lines, steep slope analysis
- Site Plan data collection and reporting
- Timber recce, cruising, mapping

*\*Duties may vary based on current contractual obligations.*

## Preferred Qualifications & Key Competencies:

- Registered professional foresters, registered professional technologists, and special permit holders
- Registration or ability to register with the ABCFP. Individuals working towards or have a degree/diploma in natural resources
- Forest engineering or timber cruising experience
- Knowledge of forest operations, cable harvesting and construction
- Working knowledge of MS Office, Roadeng
- 3+ years work experience
- Valid Drivers license with a clean abstract
- Team players who are focused on safety, quality, and production
- Strong communication skills
- Willing to work in diverse and demanding conditions (all-weather, steep terrain, dense forest)
- Able and willing to travel

Positions include full-time and temporary opportunities, are open to both senior and junior experience levels (preference to those that have a degree or diploma in Forestry Sciences or Natural Resource Management). People with an interest in forestry and have a degree or diploma in other disciplines are welcome to apply.

Optimum Resource Management Ltd. offers a competitive wage and comprehensive benefits package.

**Application deadline:** Applications will be accepted until the positions are filled.

Please email applications to Randy McFarland, RFT at [randym@optimumrm.com](mailto:randym@optimumrm.com).

*While we sincerely appreciate all application submissions, only those candidates selected for an interview will be contacted.*
