

LOG SCALER / TIMBER SCALER – WEIGHMASTER

At PWT, Log Scalers are responsible for weighing log trucks, measuring government and company quality scale samples, and enforcing company/provincial log specifications. Log Scalers enjoy a balanced mix of field scaling and stratifying.

This is an hourly position with the United Steelworkers union offering competitive wage rates and a comprehensive Health and Welfare Plan.

Duties & Responsibilities:

- Perform all duties in compliance with safety and environmental regulations
- Monthly inventory of log yard
- Ensure accurate weighing and direction of log trucks for unloading
- Ensure compliance with provincial and company rules and regulations in the log yard
- Inspect incoming logs and stratify to the government sampling plan
- Inspect incoming logs to ensure compliance with PWT log quality standards, and coordinate with the Forest Resources Division when standards are not met
- Coordinate work with off-loaders and truck drivers to ensure accurate inventory records are maintained
- Prepare daily and weekly reports
- Ensure the accuracy of data entered
- Scale government samples as well as the company's quality samples
- Maintain the log yard in an organized manner to ensure optimum inventory capacity
- Operate assigned equipment as needed to maintain the log yard
- General cleaning and maintenance of scale, scale house, and log yard
- Perform other duties as necessary

Required Qualifications and Abilities:

- Previous experience working as a Log Scaler / Weighmaster
- Proven experience with scale systems, record keeping, and log quality identification
- Strong mathematical skills and computer literacy
- Effective verbal and written communication skills
- Strong aptitude for numbers and attention to detail
- Ability to work independently or in a group, always exercising sound judgment
- Ability to operate small and heavy equipment as needed
- Ability to operate a computer and supporting software
- Thorough knowledge of safety and environmental regulations
- Maintain adequate physical fitness and have the ability to walk on uneven ground and site locations
- Highly motivated self-starter with a positive attitude and proven safety record

Required Certifications:

Valid Interior Log Scaling and Weighmaster License

Work Environment:

Work at the Scale Office and in an outdoor environment.

Benefits and Employee Programs:

- Full benefits program, including extended health/medical, dental, vision, safety gear allowance, medical travel allowance, life insurance, disability coverage, and an Employee and Family Assistance Program
- Pension Plan
- This position is eligible for relocation assistance

Wage Rate:

This position starts at \$38.52/hour and a higher rate may be offered commensurate with experience.
