Pacifica Resource Management Ltd. provides full-phase Forest Operations Management in Northwest BC. We are based in Terrace, BC and operate between Stewart, Kitwanga and Terrace. (www.pacificagroup.ca)

Position Open: Forestry Operations Supervisor

Key Responsibilities:
- Complete Pre-work meetings with Contractors.
- Supervise harvesting, road construction, and road maintenance activities to help ensure operations:
    - are conducted safely,
    - meet prescription and environmental requirements,
    - satisfy contract obligations, and
    - achieve log quality targets.
- Monitor log sorting in the log yard.
- Assist with log inventory tracking and production updates in the bush, log yard, and harbor.
- Prescribe deactivation plans.
- Complete PHARM Assessments.
- Assist with Waste & Residue Surveys and pile burning.
- Help with timber reconnaissance.

Qualifications:
- Registered (or eligible to be Registered) with FPBC
- 2+ years of forestry experience
- Strong safety ethic
- Team Player – interacts well others and demonstrates integrity, respect, collaboration
- Good oral and written communication skills – clear, concise, professional
- Valid Class 5 Drivers License

On-the-job training will be provided, so direct experience in the key responsibility areas is not required.

Working Conditions and Compensation:
Field-work work is mostly around Stewart and Kitwanga. The office is in Terrace. Work is generally Monday – Friday and often requires 1-3 nights per week in Stewart. Accommodation and per diem is provided when working away from Terrace.

Base salary is $75,000 - $90,000 depending on qualifications and experience. Additionally, we provide a benefits package and potential year-end bonus.

This position will remain open until filled by a suitable candidate.

Preference will be given to applicants already residing in locations in and around Terrace / Kitimat / Kitwanga / Smithers / Hazelton / Stewart / Houston.
