

Forestry Project Manager

Location

Parksville, BC

Employment Type

Full-time, approx. 50% field work, 50% in office

Salary, \$100,000 to \$150,000 per year

About the Company

Pro Cut Lumber Corporation is part of a group of BC owned and operated forestry companies operating across mid-Vancouver Island. The Kaatza Group of Companies has grown over the last 20+ years to become a key player in the coastal forestry sector. Our operations cover full phase logging, log trading, project management, First Nations partnerships, and equipment sales. We are a continually growing and adapting group of people and companies who want to succeed together in a collaborative and safe workplace.

Position Summary

Pro Cut Lumber is looking for a **Forestry Project Manager** to oversee the coordination, administration, planning, and overall success for our tenures, BC timber sales, and log trading projects around Vancouver Island and Coastal BC.

Working directly with senior management, this position is ideal for a person who enjoys taking the initiative, shows excellent listening skills, and working together as a team to ensure success.

Key Responsibilities

- Ensuring activities are conducted in compliance with all applicable Occupational Health and Safety Requirements, Forestry Legislation, while showing leadership in safety and generally upholding the highest safety standards.
- Work collaboratively with business and community partners for our shared success.
- Managing and completing all activities associated with logging operations such as planning, permitting, overseeing cruising, logging subcontractors, stumpage & waste, silviculture, and budgeting, while taking ownership of the financial performance for your operations.
- Seek new business opportunities including log trading and logging. Looking to create maximum value while creating and maintaining long lasting business relationships.

- Prepares reports and written documentation of work results. Presents analysis results to clients and/or company executive. Provides recommendations to the executive and clients regarding policy development, resource allocation decisions and stewardship issues.
 - Working in a team environment, responding to changes in market conditions by developing tactical action plans that address target customers, markets, and company needs.
-

Required Qualifications

- Registered with the Association of BC Forest Professionals (RPF or RFT)
 - Demonstrated record in ensuring and fostering a safe work environment for yourself and your teams
 - 5+ years' experience in log sales and marketing
 - Experience managing projects and/or contracts related to silviculture, harvesting, and road building.
 - Valid BC Driver's Licence
 - Ability and willingness to travel around Vancouver Island
 - Ability to work in collaborative, team-based environments
 - Knowledge of applicable BC forestry and related legislation and policies
 - Ability to meet the physical demands of forestry fieldwork, which includes working on uneven terrain and in all weather conditions, both independently and as part of a team.
-

Compensation & Benefits

- Competitive compensation that matches your skills and experience.
 - Annual bonus tied to both individual and company performance.
 - Support for training, certifications, and payment of professional dues.
 - 100% employer-paid premiums for extended health benefits
-
