

SIYA FORESTRY

## FOREST ENGINEERING PROFESSIONAL —Southern Okanagan

We're proud to announce **Siya Forestry LP**, a newly formed joint venture between the **Osoyoos Indian Band** and **Infinity-Pacific Stewardship Group Ltd.** created to manage all resource values within OIB's traditional territory. This collaboration between the two groups is the next step in realizing OIB's goal to internally manage their traditional lands in a meaningful, more hands-on approach. Building on a trusted eight year working relationship with the Infinity-Pacific team, the Siya Forestry partnership is seeking talented individuals to join our group of professionals to assist with opportunities such as but not limited to; Land Management for OIB's existing tenures (NRFL's, FNWL, BCTS Partnership, Woodlot), and current operational agreements with local governments, licensees, and small tenure holders (Woodlots/Community Forest).

### JOB DESCRIPTION:

This is an opportunity for an experienced engineer seeking career advancement. Working with the Southern Okanagan Area Manager and Forest Professionals, the Engineering Professional will help coordinate and participate in all phases of development from budgeting, crew coordination, field activities and client package delivery.

### The ideal candidate will have:

- Experience completing Landscape Level Plans
- 5+ years of road and block development experience
- Great leadership skills with the ability to manage a crew of 4-8 workers
- Knowledge of BC's applicable legislation
- Experience with Ecosystem Restoration and Wildfire Risk Reduction prescriptions (asset)
- Knowledge of Operational Forestry including Appraisals, CP's, Road Permits
- A safety conscious leadership approach
- Office experience overseeing and completing project deliverables

### Training and Certificates:

- Registered with the FPBC as a RFT or RPF
- Be able to operate off-road vehicles such as ATV's, UTV's and snowmobiles
- Class 5 license

ANNUAL SALARY RANGE: \$60,000-\$90,000  
COMMENSURATE WITH EXPERIENCE

We offer a competitive compensation package inclusive of a group benefits plan, matching RRSP's, profit sharing and supporting continued professional development.

**This is your chance to take that next step in your career!**

To apply, send your resume and cover letter via email with **"Forest Engineering Professional"** in the email subject line, addressed to Human Resources at:

**Siya (Saskatoon Berry) is one of the Syilx (Okanagan) food chiefs and considered a very important part of the Syilx Cultural history** as described in the story of how the four food Chiefs came together to plan for how to feed Stelsqilxw (the people to be).

Siya honors the land as well as the bounty it provides for the people who live upon it. It is also a time to celebrate renewal and to provide blessings for a fruitful year to follow. Chief Siya (Chief all things growing above Land) embodies the spirit of creative energy, vision and innovation that can be associated with Youth. The food chiefs are the ones who give access to everything the land has to offer, including access to all four-legged animals, life in the water, plant life that grows underground, and plant life that grows above the ground, represented by the Siya.
