future

The Saskatchewan Ministry of Environment has Forester opportunities in the Forest Service Branch, located in Prince Albert and Meadow Lake.

The ideal candidate will have:

- Knowledge of coaching, guiding and development strategies to help guide and coach a diverse group of employees, that results in a team that can meet its goals and objectives and build organizational capacity for the future, while maintaining a healthy, productive, respectful, and safe work environment free of discrimination;
- Knowledge of principles related to ecosystem-based forest management and legislation related to the utilization and administration of forest resources;
- Knowledge of harvesting, road construction and decommissioning, water crossing installation and reclamation, and boreal forest silviculture;
- Knowledge of process and policy development, and the strategic planning process;
- Knowledge of compliance and enforcement theories including natural resource law principles;
- Demonstrated ability to plan, facilitate and lead public consultation processes with a variety of stakeholders and First Nations and Métis communities, to develop and implement sustainable forest management strategies.

Typically, the competencies required for this position would be obtained through the completion of a degree in forestry, combined with forest industry or government forestry agency experience with forest operations including operational planning, harvesting, road construction and decommissioning, water crossing installation and reclamation, and boreal forest silviculture.

The successful candidate must possess a valid driver's license and be eligible for registration in The Association of Saskatchewan Forestry Professionals within 3 years of commencement.
