

Looking for a career with purpose and passion?

GIS Technician

Ministry of Environment
Non-Permanent – Prince Albert, SK

Explore
your
future

Are you a proactive, self-directed and analytical with the ability to work successfully in a team environment? Do you have a desire to foster a positive health and safety culture and increase your technical knowledge related to forestry?

The Saskatchewan [Ministry of Environment](#) has an exciting **GIS Technician (Term)** opportunity in the [Forest Service](#) Branch, located in Prince Albert. The ministry takes a team-based approach to protect Saskatchewan's environment for the wellbeing of the province, its people, and its future. We use science-based solutions and environmental laws to help safeguard communities, protect our air, land, water, and habitat. We are committed to providing superior citizen and client satisfaction through workplace excellence, continuous improvement, and innovation.

You will be a member of the GIS team working under the direct supervision of the Resource Data Specialist and as a GIS Technician you will develop workflows, scripts, and models to efficiently complete data management tasks for large datasets. Attention to detail will be necessary to complete quality assurance on resource data and you will get to stretch your artistic abilities through the preparation of cartographic map products. This work will support the ministry's results-based, service-oriented approach to attaining desired outcomes and we strive for client satisfaction.

Typically, the knowledge required for this position would be acquired through a technical diploma or undergraduate degree in Geographic Information Systems.
