

BC Forestry Manager

Like a challenge? We're a team oriented, results focused, strengths-based company who invest in our business, people, and our community. We get to tackle meaningful and exciting work to support our dynamic resource sector by providing consulting and software solutions to improve land management. We use design, innovation and creativity to help our clients solve real-world problems. We are currently seeking a highly motivated, results-oriented individual to lead the establishment and growth of our business in British Columbia.

The Role

The selected individual will be presented with exciting growth opportunities by playing a critical role in providing solutions to Canada's complex environmental challenges. Based in BC, you will assemble, develop, and lead a team to serve our clients and solve critical challenges. Duties may include leading a team, gathering business requirements of customers, documenting and analyzing information and data, assisting clients with regulatory applications, developing project plans, implementing and monitoring work breakdown structures, monitoring status and progress against planned objectives and various other analytical tasks with a forest management focus.

The duties of the position will require you to be in a leadership role, dealing with clients and managing projects. Project types may include:

- Forest management planning
- Indigenous engagement and relations
- Carbon analysis
- Solving a variety of forestry and environmental related challenges
- Wildlife habitat assessment and planning

Required Skills and Experience:

- Significant experience working in the BC forestry sector
- Strong interpersonal, communication and organizational skills
- High attention to detail and commitment to quality
- Excellent oral and written communication skills
- Initiative and creativity when approaching challenges
- A determined focus on meeting the needs of internal and external customers
- Function as a team player with a desire to be part of a world-class team solving real-world problems
- Self-motivated and able to work independently
- Desire to take an active interest in the company
- Desire to be challenged and pushed professionally
- Ability to work under pressure and deliver within tight deadlines
- Experience leading a team would be considered an asset
- Project management experience would be considered an asset

Academic Qualifications:

- An undergraduate degree in forestry or related field
- A graduate degree in forestry or related field would be considered an asset, but not mandatory
- Registered as an RPF with the Association of BC Forest Professionals (ABCFP)

Location:

Work location: BC (specific location flexible)
Head Office: Edmonton, Alberta

Compensation:

We offer competitive salaries commensurate with abilities, a medical/vision/dental package, Flexible Spending Account (FSA) and a company sponsored RRSP plan, remote working options, as well as no end to challenging opportunities!
