**Siya (Saskatoon Berry) is one of the Syilx (Okanagan) food chiefs and considered a very important part of the Syilx Cultural history** as described in the story of how the four food Chiefs came together to make a plan for how to feed Stelsqilxw (the people to be). Siya honours the land as well as the bounty it provides for the people who live upon it. It is also a time to celebrate renewal and to provide blessings for a fruitful year to follow. Chief Siya (Chief all things growing above Land) embodies the spirit of creative energy, vision and innovation that can be associated with Youth. The food chiefs are the ones who give access to everything the land has to offer, including access to all four-legged animals, life in the water, plant life that grows underground, and plant life that grows above the ground, represented by the Siya.
