

Multiple Employment Opportunities

Based in Vernon, BC, but with roots throughout the Southern Interior, Solutions Forestry Services is an innovative leader in providing professional services to the natural resource sector. Our passion is in the quality we provide, safe and on time.

At Solutions, we foster a culture of innovation, excellence, and continuous improvement. We welcome fresh perspectives with a focus on providing effective and efficient value to our customers. We provide a great environment to learn in a small team setting.

Forestry Field Technicians – Seasonal (4 month & 8 month terms)

Solutions Forestry Services is looking for **Forestry Field Technicians** to join our expanding team. Within this role the successful candidate will be responsible for:

- Assessing remote road infrastructure and reporting on maintenance and deactivation requirements
- Preparing maintenance and deactivation plans and prescriptions
- Coordinate and supervise maintenance and deactivation activities

Who are we looking for? An innovative self-starter with...

- Proven commitment to safety
- Passion for working outside, in any weather condition
- Background and/or previous experience in forestry or environmental sciences
- Excellent communication skills and professional demeanor
- Attention to detail and strong organizational skills
- Foundation in using technology to manage and transfer data
- Proven ability to work both independently and as part of a small team
- Comfortable operating an ATV
- Valid BC driver's license (access to a truck is a bonus)

We offer competitive wages and training as required (safety and job). As we provide services to a variety of geographic locations within the southern interior and staff will have the flexibility to choose where they reside with this position. Currently we are looking for candidates working out of the Vernon, Salmon Arm, Kamloops, Grand Forks, Nakusp & Castlegar areas.

Operations Supervisor (Full-Time)

Solutions Forestry Services is looking for an **Operations Supervisor** to join our expanding team. Within this role the successful candidate will be responsible for:

- Providing Supervision and Project Management for various operational based projects
- Working directly with clients, assessing needs, preparing plans, and ensuring quality deliverables
- Cultivating relationships and facilitating company growth
- Managing portions of the business; including safety
- Working with and mentoring staff

Who are we looking for? An innovative self-starter with...

- Registered with ABCFP (RPF or RFT eligible)
- Experience in Forest Operations (Harvesting, Road Construction and Maintenance)
- Minimum 3 years Supervisory/Project Management experience
- Operational understanding of BC forest legislation and regulations
- Safety focused - knowledgeable of Worksafe requirements pertaining to forest operations
- Proficient with technology
- Innovative and self motivated to deliver professional solutions
- Strong interpersonal and verbal skills
- Valid Class 5 Drivers Licence

We offer competitive wages and training as required. Although we provide services to a variety of geographic locations with the Southern Interior, this position is based out of Vernon.

If you believe you are the right candidate for either position and are motivated to contribute to a growing professional company, please submit your cover letter and resume to Opportunities@SolutionsForestry.ca Please identify the position you are applying for. For the seasonal temporary positions, please state your desired location.
