

Forest Professionals Full-Time Opportunity

About Somerville Forestry:

Somerville Forestry Consulting is based in Campbell River on Vancouver Island. We are *Safe Certified* and consider safety the top priority. Somerville Forestry has a strong focus on silviculture and works in other areas of forest management such as site plans, ecosystem typing, old forest management, tree nursery auditing, and invasive species management. Somerville Forestry provides professional services primarily for coastal BC's forest licensees. We are always looking for and open to new projects while committed to year-round work with one of the major licensees on Vancouver Island. We prescribe, conduct and/or supervise any silviculture activities such as; site preparation, slash pile burning, tree planting, brushing and weeding, browse protection, stocking and free growing surveys.

Prerequisites of Successful Candidate(s):

- RPF, RFT or ABCFP eligible (preference given to experienced professionals)
- Valid BC driver's licence
- Lives in Campbell River or willing to relocate to Campbell River (surrounding area)
- Flexible with minimal camp shifts
- Willing to work in the office and field throughout the year
- Sound written and verbal communication skills

Looking for an experienced forester and/or an upcoming forest professional. These positions come with a very competitive compensation package with an option of extended health benefits. Most work gear will be provided. There will also be ongoing professional development and training opportunities. The successful candidate(s) will be working with and supported by experienced forest professionals.

Applications accepted until this(these) full-time position(s) become filled.

Please email resume and cover letter as MS Word or PDF document(s) to jamiesomerville@hotmail.com. Have the subject line as "Somerville Forestry Application" and include references with resume.
