

Timberland Consultants 2001 – NELSON BC

Timberland Consultants 2001, a progressive consulting firm specializing in all aspects of forest and resource management, is situated in the heart of the beautiful West Kootenay region of British Columbia. Driven by a highly motivated and skilled team of professionals and technologists, we have been a part of the local business community and a strong employer in the area for over 25 years. We are a family-oriented company offering flexibility and diverse opportunity. We are committed to a fun and safe work environment and we believe strongly in job satisfaction. For motivated individuals, we offer a competitive wage and benefit package and ongoing opportunity for advancement.

TIMBERLAND is currently seeking....

driven, hardworking, skilled individuals to join our resource management team and to provide a positive addition to the fun and energetic work environment that we enjoy. We are looking for candidates who can apply their skills in a highly effective manner under demanding conditions, and who can maintain a high level of integrity and dedication toward our projects, clients, and staff. We need qualified people to fill important roles in the following positions:

Senior Engineering Technologist

Organized and focused Forest Technology graduate will lead a two-person crew through all phases of stand-level development, from reconnaissance to final layout and reporting. Successful candidate will have a minimum of 5yrs experience in forest development and demonstrated leadership skills. Applicant must be able to work in steep and adverse conditions and be willing to work in camp situations. Preference will be given to RFT's/FIT's/RPF's and those possessing timber cruising and/or silviculture survey experience.
