

Forestry Superintendent - Planning

High Level, AB

Under the direction and supervision of the Woodlands Manager, the Forestry Superintendent provides leadership for the operational planning requirements for Tolko's High Level Woodlands operations. Leading a team of professionals, the Forestry Superintendent is responsible for Operational Harvest Plan development to meet divisional Standing Timber Inventory targets. The Forestry Superintendent interfaces internally with other woodlands departments as well as outside contractors, First Nations, Government agencies, and other key stakeholders. The successful applicant will be responsible for ensuring personal, company, and contractor safety in all areas of the workplace.

What We're Looking For:

- Minimum of 5 years of related experience in forest management planning;
- University Degree or Technical Diploma in Forestry;
- Active Registered Professional Forester (CAPF) or Forest Technician (CAPFT) designation;
- Strong understanding of Alberta forest policies, guidelines, and regulations;
- Proven ability to work with First Nations Communities and external stakeholders;
- Demonstrated analytical, communication and computer knowledge including Arc GIS experience and data management.
- Possess a positive attitude, self-initiative and motivation;
- Strong attention to detail and a high degree of accountability;
- Must be a strong team player with exceptional organization, communication, supervisory and interpersonal skills.

What We Offer:

- An unyielding commitment to your personal safety
- Competitive pay and exceptional benefits
- The opportunity to work with the best and brightest in the industry
- A positive, dynamic, and inclusive work environment
- An open, innovative culture with diverse opportunities
- A commitment to investing in our people through training and development
- The chance to live (and play) where you work
