

## Woodlands Operations Supervisor

### High Prairie/Slave Lake, Alberta

Our **Woodlands Operations Supervisors** play a critical role in ensuring a sustainable supply of timber to our mills. If you enjoy spending time in the forest, **working alongside a team of top professionals** in Forestry Management, read on to learn how you can make an impact!

We're looking for an experienced **Woodlands Operations Supervisor** to join our **Northwest Regional Woodlands Team** with offices located in **High Prairie and Slave Lake, Alberta**. Our Northwest Regional Woodlands Team operates Tolko's forest resources in northwestern Alberta, including timber harvesting, silviculture, forest management and log yard activities. We are dedicated to sustaining these areas to the benefit of all who live and work there.

#### Our ideal candidate has the following qualifications:

- Minimum **3-5 years of related experience** in forest harvesting operations.
- **Post-secondary education in Forestry.**
- Active **Registered Professional Forester or Forest Technician designation.**
- Experience in **managing projects and leading a team to success.**
- **Ability to build relationships** with local contractors, stakeholders and Indigenous Communities.
- Unwavering **commitment to safety** while working in the field.
- **Self-directed time-management skills.**

We value diversity at Tolko and know that experience and knowledge come in many forms. Even if you don't have all the qualifications above, please apply. We would love to hear your story and have you grow with us.

#### In this role you will:

- **Plan, develop and deliver harvesting plans** while working within Tolko's Forest Stewardship Plan.
- Manage quality control while **working with other professionals** including RPFs, RFTs, hydrologists and biologists.

- **Provide supervision of and oversee quality control** for harvesting and hauling contractors.
- **Build relationships** with First Nation partners and other stakeholders including tenure holders landowners, government, and communities.
- **Have the benefit of a flexible schedule** working 2-3 days in the office and 2-3 days in the field each week. You are empowered to manage priority initiatives and schedule your time accordingly.

### So, what's in it for you?

- You'll take on an **exciting new challenge** with **supportive team members**.
- You'll earn a competitive salary based on your skills and experience. The expected base salary range for this position is **\$83,250 to \$111,000 per year**.
- You'll earn an additional **northern allowance** on top of your base pay.
- You will be eligible to participate in Tolko's **bonus program**.
- **Competitive benefits** and a **retirement plan** come standard, so you don't have to choose between your bottom line and your wellbeing or your future.
- You may also be eligible for **relocation support** including community connections so you can live (and play) where you work.
- **Continued development** through on the job and classroom training and reimbursement of tuition and membership fees.
- A **positive, innovative, and inclusive work environment**.

If you want to work for a **sustainable, future focused company**, there is **no better place than Tolko**. Our family has been producing **innovative forest products** for over 65 years. Our focus remains on sustainably managing our forests and our business for upcoming generations.

We want YOU to join our family. Come Grow Here! **Apply today at [www.tolko.com/careers](http://www.tolko.com/careers)**.
