THE COMPANY

West Coast Timber Consultants Ltd. (WCTC) is a consulting firm specializing in the Management of Natural Resources, based out of Courtenay, BC. The company was established on the basic principle of providing clients with high quality management services within the natural resource sector. We are currently seeking full time field staff to meet our client's goals.

Location –Gold River, BC

The Village of Gold River (<http://www.goldriver.ca/>) The Gateway to Historic Nootka Sound on Canada's pacific coast, this is where the road ends and true Canadian wilderness begins. Easy ocean access to the world's best salmon and halibut fishing. Wilderness and wildlife abound; this is the land of discovery! Whether you get your kicks fishing for halibut and salmon weighing over 30 lbs., mountain biking remote trails through old growth forest, spelunking hundreds of feet underground, or surfing set after set of perfect waves coming in off the Pacific on a deserted beach, Gold River is your start and end point.

Position – Senior Field Planner

Career opportunities for individuals looking to expand on their professional development. You will lead/oversee the completion of a variety of full-phase timber development activities for 150,000m³ annually on West Vancouver Island. Field work is physically demanding with exposure to all types of weather and ground conditions. Some camp may be required.

Primary responsibilities include:

Reporting directly to WFP TL Forester,

Actively lead in field activities related to engineering layout, daily supervision/mentoring of crews.

Quality Control of road and cut block layout.

Preparation of the various plans and assessments associated with cutblock development including:

Site Plans, Harvest, Road, Silviculture and Deactivation Instructions, Cutting Permit Submissions, Road Permit Submissions and related engineering projects, and preparation of other applications as necessary. Adherence to company safety and environmental processes and procedures

Qualifications:

The ideal candidate will possess excellent communication and organizational skills, post-secondary education, strong team player and have a solid coastal engineering and timber development background with a minimum of 5 yrs. of coastal experience in road layout and design, harvest planning for ground-based, cable and helicopter systems, crew supervision, coordinating professional assessments and completing associated documents and mapping. Valid BC driver's license and 1st Aid.

Application:

We offer a competitive wage with a comprehensive benefit package including company vehicle and other bonus incentives.

If you are ready to take the next step in advancing your career, taking on a new rewarding challenge and joining a growing team of like-minded coworkers, please reply in confidence by forwarding your resume and cover letter to: Andy_westcoasttimber@telus.net , attention Andy Flynn

We thank you for your interest in working with us, however only shortlist applicants will be contacted.
