

ELECTRICAL TEAM LEAD

BARWICK OPERATION

Reporting to the Maintenance Manager, the Electrical Team Lead is responsible to ensure safe and efficient electrical maintenance of the mill. The Electrical Team Lead supervises a highly qualified electrical team, and utilizes related experience, project management expertise, leadership abilities and a preventative maintenance mindset in a cost-effective manner.

Key Responsibilities Include:

- Ensures effective electrical planning and implementation in a safe manner;
- Ensures a high degree of operational readiness;
- Supervises electrical and instrumentation departments to improve efficiencies and ultimately reduce cost;
- Disseminates technical knowledge to hourly staff via coaching and in-house training to enhance the technical and troubleshooting skills of team members;
- Leads safety-related inspections and training to enhance and promote the safety culture;
- Assists in troubleshooting electrical, instrumentation, and control issues to minimize downtime due to equipment failure;
- Sources and liaises with outside contractors;
- Prepares proposals and oversees installation of approved improvement projects;
- Monitors and evaluates the performance of installed improvement projects;
- Oversees labour requirements for electrical team providing guidance, direction, mentoring and accountability;
- Participates in regular safety meetings with the mindset all accidents are preventable;

Qualifications:

- Engineering or Journeyman qualification (Electrical) or equivalent.
- Five plus years' experience in mechanical, electrical, hydraulic, and pneumatic systems
- The ideal candidate will have a minimum of five (5) years of industrial experience;
- Prior proven experience as a supervisor and leader
- Demonstrative safety leadership with knowledge of safety procedures
- High awareness of quality control practices
- Experienced in the use of preventative maintenance systems to reduce unscheduled downtime
- Experienced in troubleshooting methods to ensure that uptime, production volume, and quality targets are met
- Can effectively use training resources to maximize technical skills
- Very good team building and motivational skills

Location Summary:

Situated in beautiful northwestern Ontario, the Barwick Mill is located adjacent to the Ontario / Minnesota border. We are 45 Kilometers west of Fort Frances, Ontario and situated half-way between Winnipeg, Manitoba and Thunder Bay, Ontario. The lifestyle of the Rainy River District embraces outdoor activities including hunting, fishing, winter sports and lake country. Our communities are family friendly, safe, and prioritize a genuine work / life balance.
